## Reports

- A. There is a contract for purchase being considered for the Southwire Building. The potential buyer is an investor, however we have been working with a prospect that they are also dealing with as a potential tenant. The announcement for the purchase is expected later this month.
- B. A tire retreading operation has signed a lease for 56,000 sq. ft. in the Big Industrial Building (Cascades Tissue Group and Southern Finishing) at 4625 Interstate Way. They intend to employ about 15-20 people initially to retread truck tires. The company should announce later this month as the tenant improvement permits are secured through the county building department.
